## Windy Fire Update-Sunday, October 10, 2021

Start Date	Cause	Size	Percent Containment	Helicopters	Engines	Crews	Dozers	Total Personnel
9/9	Lightning	97,554	85	12	41	26	10	1122

**CURRENT CONDITIONS:** Fire activity was moderate Saturday thanks to a wetting rain on Friday that reduced the Windy Fire's growth and spread.

In the Sequoia National Forest, firefighters are reinforcing containment lines, while also felling burned hazardous trees that are dead or dying along access routes. Regular infrared flights are helping Great Basin Incident Management Team 6 detect hot spots in areas where the terrain is rugged and more difficult to safely access.

This ongoing mop-up work also improves routes for public safety for residents and the public when allowed to return to the area and adjacent evacuated communities. Drivers who travel on reopened roads should exercise caution, fire crews use those same roads to do their work.

**WEATHER AND FIRE BEHAVIOR:** Drier conditions forecast for today are expected to change Monday when an anticipated storm brings winds that could gust as high as 50 miles per hour. Meteorologists and fire behavior analysts warn that fire dynamics are likely to change at higher elevations and along the Western Divide.

**TULARE COUNTY RESIDENT INFORMATION:** Residents requesting information on the status of their property can call the Tulare County Information Hotline at (559) 802-9790. Affected property owners should complete the September Lightning Fire Information Form online at: <https://bit.ly/3ETdZjI>. Residents can sign up to receive county emergency notifications by registering at [AlertTC.com](http://AlertTC.com).

**EVACUATION ORDERS AND WARNINGS:** Because evacuation orders and warnings change often as fire containment grows, evacuees should refer to the Windy Fire Evacuation Warning Map at <https://tularecounty.ca.gov/emergencies/> or call 211 for the latest information. Evacuation updates can be found on Inciweb at <https://inciweb.nwcg.gov/incident/7841> and Facebook <https://www.facebook.com/SequoiaNF/>.

According to the Tulare County Sheriff's Office, evacuation orders are in effect in the following areas:

- White River Summer Home Tract, Sugarloaf Saw Mill, Sugarloaf Mountain Park.
- Mountain Aire and Rogers Camp.
- Johnsondale and Camp Whitsett, including M107 at Dome Rock, east to Lloyd Meadow Road (Forest Service Road 22S82), south to M99 at Sherman Pass Road, and west to M107 and M50. A roadblock prevents access to M99 and R Ranch and M50 and M107.

The Tulare County Sheriff's Office has issued evacuation warnings for the following roads and areas:

- The McNallys area (Sherman Pass Road to Corral Creek, the community of R Ranch, structures, Forest Service roads, dirt roads, access roads, attached roads, and campgrounds).
- Both sides of the Kern River from the Goldledge Campground south to Riverkern, Tulare County, and at the Tulare/Kern border. This warning includes all private properties, businesses, residences, structures, campsites, campgrounds, Forest Service roads, access roads, attached roads, and trails.
- Alpine Village, Camp Nelson, Cedar Slope, Coy Flat, Pierpoint, Quaking Aspen, Ponderosa, and Sequoia Crest.
- Sugarloaf Village, Panorama Heights, Poso Park, Idlewild, Pleasant View, Balance Rock, Posey, and Vincent Ranch. The boundaries will be from Sugarloaf Peak west to Buck Peak; south to Vincent Ranch at the Tulare/Kern County line; east to Forest Service Road 24S07; and north to Sugarloaf Peak.
- California Hot Springs and Pine Flat areas. The evacuation order includes M504 at Tyler Creek, southeast to Pine Flat, west to M56 and Fire Control Road, and north up Tyler Creek Road. This includes structures, side roads, and all attached roads.

**ROAD CLOSURES AND RESTRICTIONS:** Updates on road closures can be found on Inciweb at <https://inciweb.nwcg.gov/incident/7841> and Facebook <https://www.facebook.com/SequoiaNF/>.

The following roads are closed:

- At Jack Ranch Road and Old Stage Road
- Quaking Aspen and M107
- MT56 at Fountain Springs
- M50 at the Hot Springs Ranger Station for northbound traffic
- Forest Service Road 23S05
