

Smoke Outlook

Eastern New Mexico Hermit's Peak Fire / Calf Canyon Fire

Issued by Wildland Fire Air Quality Response Program on May 06, 2022 at 06:54 AM MDT

5/06 - 5/07

Special Statement

A Red Flag Warning will be in effect on Saturday from 11 AM until 10 PM.

Fire

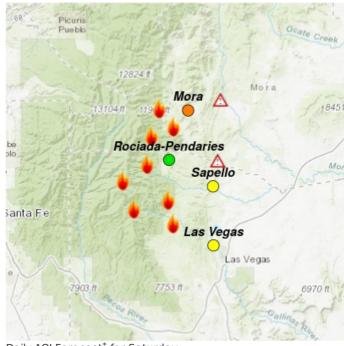

Hermits Peak Fire ~ Calf Canyon Fire combined is currently at 168,009 acres. Growth of 2,733 acres Thursday. Some tactical burning to protect values at risk will remain possible today. Winds will significantly increase beginning this weekend into early next week and a long duration of Red Flag Warnings and wind advisories will commence starting Saturday.

Smoke

Breezy West to Northwest winds today. Communities on the east and immediate south sides of the fire will see the most reduced AQ, especially at night. Western highlands communities should continue to experience better AQ during today. The Las Vegas Valley will see Moderate to USG today. General AQ reduction late evening into overnight as smoke drains into the valleys. Mora will average (USG) with periods of Unhealthy late at night with drainage winds pushing smoke down valley. AQ around Rociada, Pendaries, Buena Vista, should remain relatively favorable with some smoke and regional haze reducing AQ somewhat.

Air Quality Alert

An Air Quality Alert continues for the region through Noon today, with likely extension into Saturday.
