Jacob City Fire Update
Community Meeting in Stockton
Tonight at 6:30 pm

Release Date
July 18, 2022

Incident Contact
801-449-1778

STATUS

Start Date: July 9, 2022	Start Time: 2:34 p.m.
Incident Type: Wildland Fire	Cause: Human
Size: 4,185	Containment: 92%
Location: 1 mile East of Stockton, Utah	

RESOURCES

Engines: 10	Crews: 8
Helicopters: 2	Total Personnel: 373

Cooperating Agencies: USDA Forest Service, DOI Bureau of Land Management, State of Utah Department of Natural Resources (DNR) Division of Forestry, Fire, and State Lands, Tooele County Fire, Tooele County Sheriff's Office, and local fire agencies.

SITUATION

Current Situation	<p>Yesterday, crews achieved 92 percent containment as firefighters made significant progress on the Jacob City Fire. Suppression repair continued, using specialized equipment. This effort includes ensuring dozer lines and other areas impacted while actively fighting the fire are repaired and seeded. Helicopters shuttled some crews that were camped out on the fireline down to the valley for demobilization. Aviation resources also continued backhaul of equipment and resources.</p> <p>Fire behavior remained limited to smoldering and creeping, as it has over the last few days. Heavy fuels continue to consume on north slopes of the Soldier Creek drainage and Sharp Mountain.</p> <p>Today, crews will continue looking for hot spots and working to improve containment. A drawdown of resources remains underway as that containment rapidly increases.</p> <p>In the next day, hot, dry, and windy conditions are expected throughout the fire area, but monsoonal moisture could bring light to heavy precipitation in the late afternoon.</p>
Closure and Meeting	<p>An area closure remains in place. See Inciweb for closure order and map. A pre-evacuation notice is in place for Ophir Canyon residents. Tonight, a community meeting will be held at the Stockton Pavilion at 382 S. Rogers Street in Stockton, Utah at 6:30 p.m.</p>
