Jacob City Fire Update

STATUS	
Start Date: July 9, 2022	Start Time: 2:34 p.m.
Incident Type: Wildland Fire	Cause: Human
Size: 4,185	Containment: 93%
Location: 1 mile East of Stockton, Utah	
RESOURCES	
Engines: 8	Crews: 7
Helicopters: 2	Total Personnel: 324
Cooperating Agencies: USDA Forest Service, DOI Bureau of Land Management, State of Utah Department of Natural Resources (DNR) Division of Forestry, Fire, and State Lands, Tooele County Fire, Tooele County Sheriff's Office, and local fire agencies.	
SITUATION	
Current Situation	<p>Yesterday, the fireline from Bald Mountain to Commodore Pass was controlled, increasing containment to 93 percent. On the west end of the fire, suppression repair and seeding of dozer lines was completed. Helicopters continued backhauling supplies and equipment. The hot spot at the head of Soldier Creek drainage has not expanded. Thunderstorms brought minimal moisture to the fire area.</p> <p>Great Basin Team 5 hosted a public meeting in Stockton last night. More than 100 residents, concerned citizens, and local dignitaries attended to hear subject matter experts discuss the fire, monsoonal moisture, the real possibility of post-fire debris flows, and assistance available to local residents. A video of the meeting will be available on Facebook today @UtahFireInfo.</p> <p>Today, the wildland fire module and hot shot crews, assisted by aerial assets, will continue felling snags and working towards full containment of the fireline.</p> <p>Great Basin Team 5 will turn the Jacob City Fire over to a local Type 4 team at 6 pm today.</p>
Area Closure	An area closure remains in place. See InciWeb for closure order and map. A pre-evacuation notice is in place for Ophir Canyon residents.
