

Chalk Mountain Fire

FINAL UPDATE

August 2, 2022

Southern Area Incident Management Blue Team Mark Morales Incident Commander

Chalk Mountain Fire Stats:

Size: 6,755 Acres

Containment: 93%

Location: 4.6 miles SW of Glen Rose, TX

Start Date: July 18, 2022

Cause: Under Investigation

Total Resources Assigned: 150

Safety and Notifications:

Personal responsibility and prevention of the next ignition is of utmost importance in preventing the next wildfire. Refrain from parking vehicles on dry grass and make sure all power equipment is in good working condition. Do your part to help our firefighters.

Wildfires are a NO DRONE ZONE. If you fly, we can't. Flying a drone near a wildfire can shut down all air operations.

This will be the final update for the Chalk Mountain Fire unless significant activity occurs.

Current Status:

Management of the Chalk Mountain Fire will transfer from the Southern Area Incident Management Team (IMT) to the Texas A&M Forest Service at 6:00 p.m. tonight. Total containment now stands at 93 percent, with little activity or heat occurring across the fire. The occasional flareup is still possible on the Chalk Mountain Fire, but these flareups involve sporadic heat intermixed with pockets of burned or partially burned fuel on the interior of the fire. Firefighters will continue searching for and eliminating any remaining hotspots across the fire.

Questions or inquiries regarding the Chalk Mountain Fire can be directed to information@tfs.tamu.edu or 979-255-0591.

Evacuations and Closures:

There are no current evacuations or closures impacting the Chalk Mountain Fire.
