The Six Rivers Lightning Complex remains in unified command with California Interagency Incident Management Team 14, California Highway Patrol, Trinity County Sheriff, and Humboldt County Sheriff. The Six Rivers Lightning Complex is currently 28,904 acres with 80% containment and 1,843 personnel assigned to the incident.

CURRENT SITUATION

With forecasted weather predicting hot and dry conditions Thursday, firefighters were prepared for high or extreme fire activity. As the day went on, the heavy smoke from the fire reduced the preheating of vegetation and kept the humidity higher. As a result, fire activity remained low to moderate for another day.

The **Ammon Fire**, experienced another spot fire across the line Thursday morning, near its southeast corner. The spot was recognized early and contained. The possibility for spot fires remains a threat, so firefighters continue to monitor and improve containment lines. The **Campbell Fire**, is the most active of the two fires. There, firefighters are strengthening containment lines, preparing control lines, establishing contingency lines, and conducting defensive firing operations. The fire is burning in areas with no recent fire history with significant dead and down trees. The potential for significant fire activity is a concern, so the priority is to complete the primary control line along Lone Pine Ridge and contingency line along Tish Tang Ridge.

Thursday night, weather conditions remained favorable for the defensive firing operations. The sections of control line that were fired from saw good consumption of fuels which creates a wide buffer ahead of the main fire front. Moving into Friday, there is no predicted weather that would restrict the ability to continue with defensive firing.

Please check <https://outlooks.airfire.org/outlook/65384a03> for air quality resources.

COMMUNITY MEETINGS

To provide our communities with the most accurate and up to date information, two community meetings have been scheduled. Those attending in-person or virtually will hear from Incident Command staff and local leaders. Virtual at: www.facebook.com/SixRiversNF

Saturday, August 27th, 2022, 10:00 a.m.
Hawkins Bar Volunteer Fire Department
71 Trinity Court
Burnt Ranch, CA 95527

Sunday, August 28th, 2022, 3:00 p.m.
Hoopa Fire Department and OES
11120 CA-96
Hoopa, CA 95546

CLOSURES

Due to a large presence of fire personnel and machinery working to build containment lines for the Ammon Fire, residents are asked to limit travel on Titlow Hill Road/Route 1 in zones HUM-E052 and HUM-E062 to essential traffic only. Residents may still use roads to travel out of evacuation order zones:

The following roads into evacuation zones have been closed.

- Forest Route 7n15 at Six Rivers Forest Boundary

The following roads are restricted to local traffic only:

- Horse Linto Creek Road at Saddle Lane (Open to residents only)
- 6N06 Sandy Bar (Route 6)
- Titlow Hill Road (Route 1) at Horse Mountain Botanical Area

State Route 299 remains open to through traffic. Residents are encouraged to visit <http://quickmap.dot.ca.gov/> to check for state highway closures.

EVACUATION UPDATES

For the latest evacuation information go to Humboldt County Office of Emergency Services (<https://humboldt.gov.org/2383/Current-Emergencies>) or Trinity County Office of Emergency Services (<https://www.trinitycounty.org/OES>). For an interactive map of evacuation zones visit: <https://community.zonehaven.com/>. To sign up for alerts: www.humboldt.gov.org/alerts.
