

Smoke Outlook

Central Oregon Cedar Creek Fire

9/04 - 9/05

Issued by Wildland Fire Air Quality Response Program on September 04, 2022 at 08:33 AM PDT

Fire

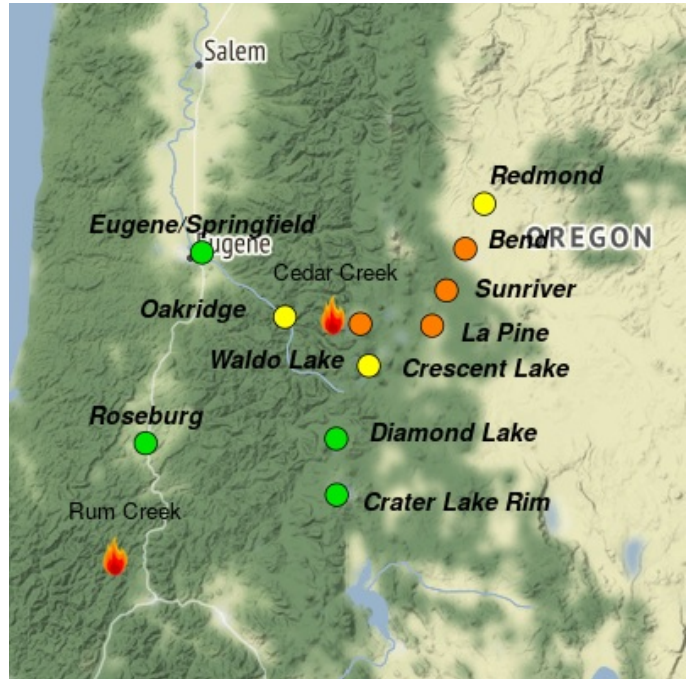

The Cedar Creek Fire in Central Oregon is 16,715 acres with 12% containment. The fire grew 411 acres yesterday. We are expecting moderate to active fire activity today, with slightly warmer temperatures and lower relative humidity values. For additional information on the fires, see [Cedar Creek Fire](#), and [Rum Creek Fire](#)

Smoke

Areas east of the Cedar Creek fire will continue to have the greatest smoke impacts today with La Pine, Sunriver and Bend in the USG to unhealthy range this morning, but there will be some improvement this afternoon. Oakridge will have some increase in smoke impacts today with moderate to occasional USG air quality. Waldo Lake will see USG to unhealthy levels of smoke today through tomorrow.

Health and Safety Message

Try to do what you can to reduce the amount of smoke you breathe, run your home and car air conditioning on recirculate and don't go outside when air quality is impaired. Do you know how to check your local air quality? Try out the map at fire.airnow.gov for current conditions. For real time information see [Fire.airnow.gov](http://fire.airnow.gov), oakridgeair.org, and [LRAPA - Today's Current Air Quality](#).
