## MEMORANDUM

FROM: Forest Supervisor Jody L. Weil

TO: FILE

SUBJECT: BOUNDARY CAMP FIRE CLOSURE #06-05-22-10

FILE CODE: 1950/1010

### **ISSUE:**

The intent of this memorandum is to describe the need for public use restrictions, as outlined in Forest Order #06-05-22-10. This action is categorically excluded from further analysis and documentation in an EIS or EA and does not require a decision memo (36 CFR § 220.6(d)(1)) under the National Environmental Policy Act (NEPA). This memorandum also serves as the Civil Right Impact Analysis.

### **BACKGROUND AND NEED:**

The intent of this document is to identify and state the purpose and need for a temporary closure of road and trails on the Mt. Baker-Snoqualmie National Forest due to the Boundary Camp Fire. This closure will provide for the health and safety of the public while allowing fire personnel to monitor environmental impacts and conditions within the impacted fire area.

The proximity of the Boundary Camp Fire to the Hannegan Pass Trail makes public access to this area unsafe. To mitigate this risk, a temporary closure will be established in the following areas located within Skagit County, Washington:

- The Hannegan Pass Trailhead and the entirety of Forest Service Trail #674 (Hannegan Pass Trail), to include Spur Trail #674.1 (Hannegan Peak Trail) and Spur Trail #674.2 (Ruth Arm Trail), from its inception at Forest System Road #32 (Ruth Creek Road) and continuing east to the Forest boundary, located within T40N, R9E, Sections 35 & 36; within T39N, R9E, Section 1; and within T39N, R10E, Sections 5, 6, 7, & 8, as shown in Exhibit A.

This Forest Order includes an exemption for persons with a Forest Permit for Use of Roads, Trails, or Areas restricted by Regulation or Order (Form FS-7700-48). Authorization under this exemption will be provided only if I or my delegate determine that the risk to personal health and safety is reasonable considering the circumstances of the request. We also may require appropriate personal protective equipment and other necessary safety measures. I hereby delegate the authority to sign Form FS-7700-48 granting an exemption to this Forest Order to all District Rangers of the Mt. Baker-Snoqualmie National Forest.

**SCOPING AND PUBLIC OUTREACH:**

Notices and press releases articulating these prohibitions have been posted on the Mt. Baker-Snoqualmie National Forest website and provided to local media outlets for distribution. Closure signage has been posted on the ground and in proximity to the affected areas. Supervisory staff of the Mt. Baker-Snoqualmie National Forest have discussed the closure with potentially interested and invested cooperating parties, including the National Park Service, as well as various state, county, and local fire districts.

**REASONS FOR CATEGORICALLY EXCLUDING THE ACTION:**

Based on a review of the proposed order and consultation with District and Forest resource specialists, I have concluded that this decision may be categorically excluded from documentation in an Environmental Impact Statement (EIS) or Environmental Assessment (EA) under the National Environmental Policy Act. This action falls within the category identified in 36 C.F.R. § 220.6(d) (1) - prohibitions to provide short-term resource protection or to protect public health and safety - and does not require documentation in a decision memo, decision notice, or record of decision. I have determined that there are no extraordinary circumstances associated with this temporary closure, and it may be implemented immediately.

**CIVIL RIGHTS IMPACT ANALYSIS:**

I have determined that this closure will have no impacts on civil rights as it will apply to all individuals. No one group or person will be affected more than another group or person.

**SUMMARY:**

Based on my review, I have determined that this Forest Order is compliant with the Forest Order process and should be authorized.
