## FAIRVIEW FIRE WEATHER STATEMENT

**WHAT:** ANTICIPATED FORECAST

**WHEN:** Effective Immediately

### ANTICIPATED FORECAST:

The potential for extreme fire behavior remains elevated as hot conditions continue and southeast winds steadily increase throughout the day and into the evening Thursday, with gusts of 25mph. In addition, tropical moisture from Hurricane Kay will bring periods of showers and thunderstorms to the area from Friday evening through Saturday evening. There is the potential for heavy rain capable of creating flooding problems, especially near the burn areas.

**SAFETY MESSAGE** – The public is reminded to stay vigilant on current fire conditions. Please continue to adhere to road closures and any evacuation orders and warnings. A reminder to drive slowly and yield to emergency personnel in the area. There will be smoke in the respective areas as firefighters continue firefighting operations. If at any time you feel unsafe, please call 911.
