## CURRENT SITUATION

<p><b>Situation Summary:</b></p>	<p>Lingering tropical moisture brought ample clouds, cooler temperatures, higher humidity, passing showers, and nearby thunderstorms to the Fairview Fire. Light to moderate westerly winds prevailed through the day. Shower activity diminished through the evening hours with only clouds overnight. Mild and moist conditions will prevail tonight. Minor activity with almost no growth in all branches. Hot material will continue to be found in the dense brush fields and drainages. Rolling material will increase due to fire drying and precipitation.</p>
