<b>Size:</b>	4,552 acres
<b>Containment:</b>	0 %
<b>Start Date:</b>	August 9, 2022
<b>Cause:</b>	Lightning
<b>Total Personnel:</b>	202
<b>Resources:</b>	Crews: 3   Engines: 8 Helicopters: 4 Water Tenders: 4 Dozer: 2

**ONE LESS  
SPARK  
ONE LESS WILDFIRE**

*Approximately 90% of all wildfires in the United States are caused by human activity. That is why we need your help to prevent them. Actions you can take to prevent wildfires include ensuring your campfire is completely extinguished, keeping your vehicle well maintained to prevent sparks, and practicing fire-safe target shooting.*

The United States Department of Agriculture (USDA) prohibits discrimination in its programs on the basis of race, color, national origin, sex, religion, age, disability, political beliefs, and marital or familial status. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means of communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD). To file a complaint, write the Secretary of Agriculture, U.S. Department of Agriculture, Washington DC 20250, or call 1-800-245-6340 (voice) or (202) 720-1127 (TDD). USDA is an equal employment opportunity employer.

## Goat Rocks Fire Daily Update

Friday, October 7, 2022

**Community Meeting:** Friday, October 7, 2022 at 6:00 p.m.

Attendees can either join in-person at the Packwood Fire Department (12953 US 12) or online via Facebook live (@GiffordPinchot).

**Fire Activity:** Yesterday's wind and fire activity tested the control lines, all of which successfully held. The fire consumed additional vegetation in the Coal Creek drainage, reducing the chance that it will cross the control lines in the future. Last night's humidity was lower than normal, meaning that the fire will be more active earlier today.

**Firefighting Efforts:** Engine patrols are continuing both day and night, throughout communities closest to the fire and along US-12. A combination of handlines and dozers line now provides communities with four layers of control/contingency lines. Firefighters are in place near structures, testing sprinklers and patrolling.

**Weather:** Winds today will be lighter, with an average of 9 mph and gusts up to 15 mph. Easterly winds continue to bring in dry air. Relative humidity remains low, dropping to 24%. Temperatures in the fire area will peak around 80 degrees, while it will be 85-87 degrees in Packwood.

**Evacuations:** Areas northeast of Butter Creek and north of US-12, including Lower Timberline and Goat Rocks, are still at an Evacuation Level 1 (Be Ready). Upper Timberline remains at an Evacuation Level 2 (Be Set).

**Emergency Alerts:** To receive alerts from Lewis County in the case of an emergency, sign up at <https://bit.ly/LewisCountyAlerts>.

**Forest Closures:** A road and trail closure within the Gifford National Forest is in place. Closure order: <https://bit.ly/GoatRocksClosureOrder>  
Closure map: <https://bit.ly/GoatRocksFireClosureMap>
