HUNTERS

BEWARE

CHECK FOR
CLOSURES &
SAFETY HAZARDS

CLOSURES

Adhere to closure orders and remain cognizant of fire personnel working nearby.

UNSTABLE TERRIAN

Burned root systems and soil can cause the ground to collapse. Watch where you hike.

FALLING TREES

Fire-weakened trees fall easily. Look up and around for hazards.

FLASH FLOODS

Fire damaged soils can contribute to rockslides & flooding. Watch the weather while hunting.
