California Interagency Incident Management Team 5 has taken over management of a number of fires on the Klamath National Forest, including the Elliott, Canyon, Malone, Ufish, Three Creeks, Devil, Block, Head, Townsend, Gold, and Scott fires as part of the Happy Camp Complex.

“We appreciate our forest firefighting resources for their flexibility and resiliency. We are navigating a very dynamic fire environment with constantly shifting priorities,” said Forest Fire Management Officer Mike Appling.

Firefighting resources continue to come to the Klamath National Forest to support existing fires and bolster initial attack resources. Aerial firefighting assets are available but have been largely unable to fly due to smoke inversion conditions.

**Evacuation Orders and Warnings** remain in effect. Monitor CodeRED and the @SiskiyouCountySheriff for current information.

**Closures:**

**Pacific Crest Trail is closed** from Etna Summit to the Oregon Border. Hikers and all backpackers are asked to stay off the trail in that area.

**Dillon Creek Campground** is closed due to proximity to the Elliot Creek Fire.
