LEVEL

1

Be Ready - Residents should be aware of the danger that exists in their area, and monitor local media outlets for information. Residents with special needs should take note and begin making arrangements to evacuate. Evacuations at this time are unlikely.

LEVEL

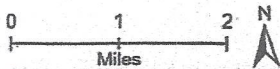

2

Be Set - This level indicates there is significant danger to your area, and residents should either voluntarily relocate to a shelter or outside of the affected area, or if choosing to remain, to be ready at a moment's notice. Emergency services cannot guarantee that they will be able to notify you if conditions rapidly deteriorate.

LEVEL

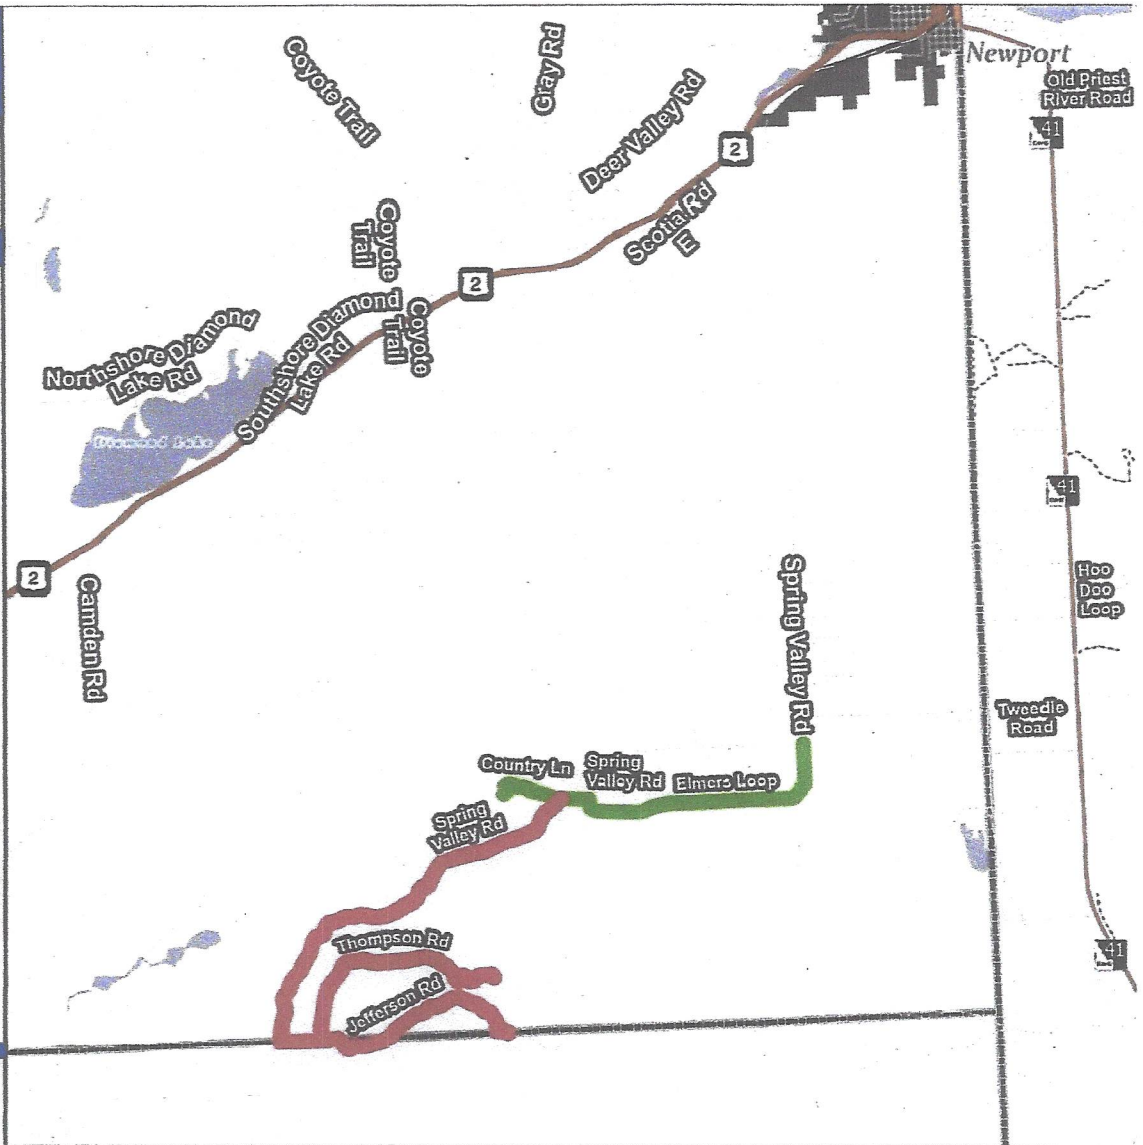

3

Go Now - This level indicates there is an immediate danger to your area, and residents should evacuate immediately. Emergency services cannot guarantee that they will be able to notify you if conditions rapidly deteriorate.
