

# Smoke Outlook

## West-Central Oregon - Bedrock Fire

8/07 - 8/08

Issued by [Wildland Fire Air Quality Response Program](#) on August 07, 2023 at 08:47 AM PDT

### Special Statement

An **Air Quality Advisory** is in effect for parts of Deschutes, Lake, and Klamath counties until further notice.

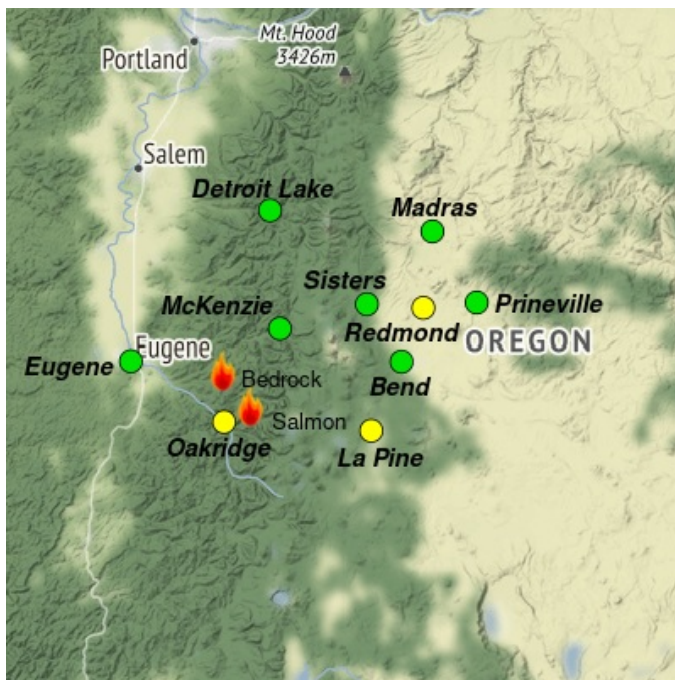

### Fire

Latest fire information is available at InciWeb: [tinyurl.com/Fire-Information](https://tinyurl.com/Fire-Information)

### Smoke

Smoke has settled into High Prairie, Oakridge, La Pine, Bend, and even Redmond areas this morning with at least MODERATE air quality, much of this should improve after midday. Look for periods of MODERATE conditions along parts of the McKenzie area this afternoon. Periods of MODERATE will be expected for many locations south and east of the fire for areas along Hwy 58 from Oakridge southeast, and also towards the Hwy 97 corridor, especially La Pine and Crescent as smoke from today is transported away from the fire.

The new Salmon Fire located east of Oakridge will bring additional smoke into the Oakridge and Highway 58 corridor with periods of at least USG being possible.

Daily AQI Forecast\* for Monday

Station	Yesterday			Sun 8/06	Comment for Today -- Mon, Aug 07	Forecast*	
	hourly					Mon 8/07	Tue 8/08
	6a	noon	6p
