Issued by Wildland Fire Air Quality Response Program on August 02, 2023 at 06:58 AM MDT

## Fire

The Lowline wildfire is currently at 1,693 acres and 38% containment.

## **Smoke**

AIR QUALITY HEALTH ADVISORY FOR WILDFIRE SMOKE UNTIL 900 AM FOR GUNNISON COUNTY. Link to this alert is attached at the bottom of the page. Moderate to USG smoke early Wednesday morning in Gunnison. Smoke in these areas should clear out by noon. Castleton Ranch area along County Road #730 will see possible periods of moderate to USG smoke at times as temperatures rise and winds increase along the fire. Crested Butte will see GOOD air quality today. Aspen will have average GOOD air quality for the day.

## **Public Health Recommendations**

If smoke is thick or becomes thick in your neighborhood, you may want to remain indoors. This is especially true for those with heart disease, respiratory illnesses, the very young, and the elderly. Consider limiting outdoor activity when moderate to heavy smoke is present. Consider relocating temporarily if smoke is present indoors and is making you ill. If visibility is less than 5 miles in smoke in your neighborhood, smoke has reached levels that are unhealthy.
