<https://AirNow.gov>.

Temporary Flight Restriction (TFR): There is a flight restriction over the fire area and drones are also prohibited.

Happy Camp Complex Daily Update

Saturday, September 30, 2023

Weather: An area of low pressure moving into northern California is expected to bring scattered showers, cooler temperatures, and gusty southwest winds through the late afternoon. Rainfall accumulations will be light with a few thunderstorms possible in the afternoon as the front approaches. Temperature highs will reach 58-63 degrees with wind out of the north-northeast in the afternoon at 8-12mph with gusts up to 30mph.

FIRE BEHAVIOR: Wet fuels have eliminated the threat of major fire spread. Gusty north-northeast winds continue to pose a snag hazard over the higher elevations.

UFISH FIRE: 7,850 acres at 98% containment.

ELLIOT FIRE: 13,875 acres at 74% containment.

Resources will continue to actively patrol and monitor all containment lines and seek out opportunities to address any heat near the fire perimeter, where safe to do so. Suppression repair will continue where it is safe to do so.

EVACUATIONS: All Evacuation Warnings around the Ufish and Elliot Fires have been dropped. View current Siskiyou County evacuation area status by visiting <https://community.zonehaven.com>.

CLOSURES: A closure order has been implemented in the Klamath National Forest. Find more information at <https://bit.ly/KlamathNFAAlertsNotices>. As hunting season continues, please be aware of area closures within our national forests. Contact local Forest Service offices for specific information.

DELAYS: One-way traffic control is on Highway 96 at various locations, from 5 miles east of Seiad to the Klamath River. <https://roads.dot.ca.gov/>
