Smoke

Like yesterday we will likely continue to see GOOD air quality along the Willamette Valley. McKenzie is starting the day with MODERATE and will likely increase to see periods USG as smoke production increases. Like yesterday the increased smoke production and westerly winds will lead to smoke being pushed from the fire toward Sister and Redmond and may settle down in Bend in the evening and overnight hours. Air quality is likely to be moderate for those locations. The air quality in Detroit Lake, Sweet Home, Eugene, and Cottage Grove should remain GOOD.
