

# Smoke Outlook

## Northwest California-Coastal

9/24 - 9/25

Issued by [Wildland Fire Air Quality Response Program](#) on September 24, 2023 at 08:25 AM PDT

### Fire

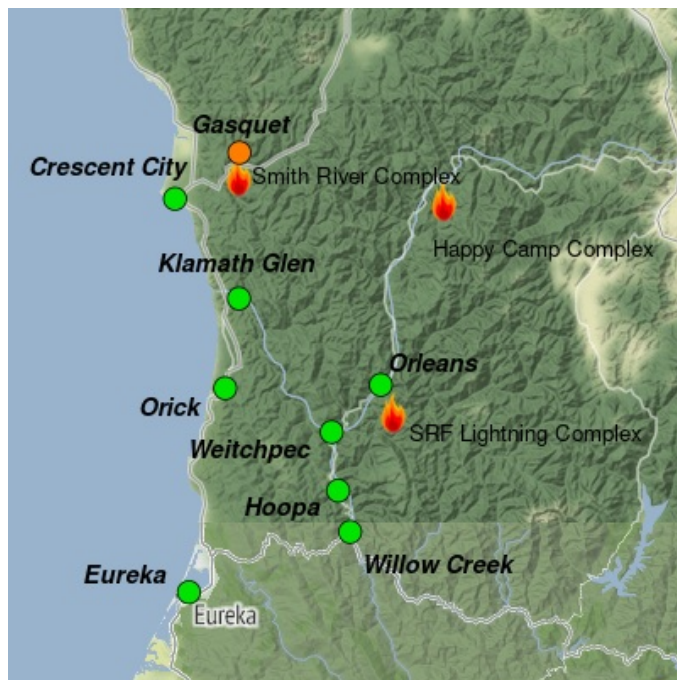

Numerous fires continue to burn in Northern California and Oregon. This outlook focuses on the Six Rivers Forest Lightning Complex. For more information about other fires, please find them on InciWeb at [SRF Lightning](#), [Anvil](#), [Happy Camp](#), and [Smith River Complex](#). No firing operations planned today. Fire is approximately 42,000 acres and 8% contained.

### Smoke

Smoke for the Six Rivers Complex is expected to blow north/northeast today. GOOD air quality is forecast for Crescent City, Klamath Glenn, Orick, Eureka, Willow Creek, Weitchpec, Hoopa, and Orleans. Gasquet will continue to see USG air quality as smoke from the Smith River Complex and some smoke from the Six River Complex hangs low in the river valley with little wind to push it out. Winds are expected to transport smoke to areas northeast of the fire - please check the [Northwest California-Interior Smoke Outlook](#) for these areas.

### Special message on roadway visibility

Heavy smoke is present on Cal-96 and the Salmon River Road. Visibility may be poor. Use caution.

Daily AQI Forecast\* for Sunday

Station	Yesterday hourly	Sat 9/23	Comment for Today -- Sun, Sep 24	Forecast*	Sun 9/24	Mon 9/25
Klamath Glen	6a noon 6p	Orange circle	GOOD air quality overall with smoke lingering in the morning		Green circle	Green circle
Crescent City		Orange circle	Overall GOOD air quality with some haze in skies		Green circle	Green circle
