Daily Update

Dinner, Grizzly, Brice, Chilcoot and Ridge Fires

Total personnel: 264 | **Resources:** 4 crews, 2 helicopters

This will be the final update. Significant changes will be reported by the Umpqua National Forest.

Northwest Incident Management Team 13 will transfer command of the fires to a local Type 3 organization on Sunday October 8th at 1800.

Dinner: Suppression repair is complete, and the fire is in patrol status. Containment – 95%

Grizzly: Oregon Department of Forestry has removed structure wrap from buildings in the Bohemian Mine area as structures are no longer threatened. A chipper has been mobilized, and chipper/excavator work is estimated to be complete in 3 operational shifts. Containment – 0%

Brice Creek: The hazard tree abatement plan has been implemented and hand falling has begun. Containment – 95%

Chilcoot: Suppression repair continues on the northern flank. Road graders and excavators are working to complete road repair. Containment – 87%

Ridge: Suppression repair is complete, and the fire is in patrol status. Containment – 95%

A temporary flight restriction remains in place over the fire area to provide a safe environment for air resources and firefighters who are engaged in mop up and suppression actions on the ground. [FAA Temporary Flight Restrictions -- Graphics](#)

There is a [forest closure](#) for portions of the Umpqua National Forest in response to fire activity in the area to protect public and wildland firefighter safety.
