Fire

The Quaker Run Fire is burning near the eastern boundary of Shenandoah National Park. Updates on fire growth can be found at <https://www.facebook.com/ForestryVA>. Information specific to fire impacts in the Park can be found at <https://www.nps.gov/shen/planyourvisit/quaker-run-fire-information.htm>.

Smoke

Expect GOOD air quality today and tomorrow. Recent rain cleared smoke from the area and reduced fire activity. Isolated areas of smoke may continue to be visible. As fuels dry over the next few days, fuels may smolder or re-ignite, so expect that smoke may return.
