# Speirs Fire Update

## August 29, 2024

### Greens Draw Road Reopens as Work Concludes on Contingency Line

All routes previously closed due to the Speirs Fire have reopened for public use. This includes the Greens Draw Road (Forest Service Road 049). Work on the contingency line has finished and construction crews have now left the area.

The Speirs Fire is now 100 percent contained and remains at 715 acres. Firefighters will continue to monitor and patrol the fire area over the next several weeks.

This will be the final update for the Speirs Fire unless conditions change.
