 25,295 acres at 08/04/2024 @ 2116

Horse Mountain Lookout was protected with fire retardant.

Firefighters are checking for hot spots and mopping up along the Snake River. Protecting values to the north.

Structure protection continues for Cuprum and Bear. Scouting areas for indirect firelines along defensible ridges and natural barriers moving north.

Improve firelines and mop up in Flat Creek. Securing bulldozer lines to prevent fire spread south into Flat Creek and Bear Creek drainage. Improving dozer line in Barber Flat. Working with ranchers to relocate cattle.

Burning out unburned vegetation along the fireline north of Boulder Creek. Improving a fireline between FR 071 and Indian Creek/Huntley Gulch and fireline west of Bear using heavy equipment.
