

Park Fire Incident Update

Evening of Sunday, August 11, 2024

For more information on the Park Fire, please visit: <https://inciweb.wildfire.gov/incident-information/calnf-park-fire>

Size: 429,188 acres with 38% containment | Personnel: 5,805

Lassen National Forest:

Today on the #ParkFire, firefighters held the fire south and east of Turner Mountain through use of aircraft, direct line construction and mop-up. Mop-up is a phase of fire suppression that involves removing or extinguishing all burning or smoldering material along containment lines.

Overnight, direct attack to extinguish active fire and smoldering areas the fire's perimeter. Night-capable aircraft are available to support ground resources.

Unified partners have converged firefighters to completely suppress the #ParkFire

The #ParkFire has burned 113,600 acres on the Lassen National Forest.

CAL FIRE:

The fire continued to consume interior islands, pockets of unburned fuels, and heavy dead and down materials in the timber understory. Short range spotting continued to challenge containment lines.

Better humidity recovery is expected tonight, which will aid fire suppression efforts. Monday, a cooling trend will bring more favorable temperatures, which may be accompanied by gusty winds.
