Firefighters are checking for hot spots and mopping up along the Snake River and Indian Creek.

Firefighters will assess fire growth near Kinney Creek to determine where to place fire line. A hot shot crew will clear the area around Horse Mountain Lookout.

Firefighters are improving dozer line and hand line. Structure protection continues in Bear and north of Cuprum.

Firefighters are working to complete the dozer line west of Bear and working on a secondary line.

Firefighters are improving primary and secondary lines to protect structures to the east and power lines to the south. Structure protection specialists will work in this area today.

Wildfire Daily Fire Perimeter
