Current Situation

Situation Summary

The Park Fire is being managed under Unified Command with CAL FIRE and the Lassen National Forest.

Today crews on the ground experienced a warmer and drier weather pattern. No fire activity was observed across the incident. Vegetation began to dry throughout the day making it susceptible to ignition. Humidity recovery will continue to decline. All areas of the incident are in recovery phase. Crews are responding to service calls, increasing mop up depth and removing hazardous trees.

A safety risk still remains in the fire area associated with heavy equipment operating near personnel for fire suppression repair.

Burned Area Emergency Response Group: USDA Forest Service BAER Team personnel are assessing needs on forest service lands.

As you return home from evacuations, please remember to keep an evacuation plan with your family. For more information on emergency readiness, please visit www.ready.gov.
