

Smoke Outlook

NE California Park

8/12 - 8/13

Issued by [Wildland Fire Air Quality Response Program](#) on August 12, 2024 at 07:59 AM PDT

Special Statement

Smoke from fires surrounding the Outlook area continue to impact the locations.

Fire

The fire is at 429,188 with 38% containment. The fire continues to be active in the Mill Creek drainage and in the interior of the perimeter due to heavy, dry fuels. Gusty winds are expected again today.

Smoke

Any smoke from the Park Fire will impact the areas closest to the most active portion of the fire, the Mill Creek drainage area. Air quality is overall Good to Moderate in all communities.

Be Smoke Aware

If you smell smoke and it is impacting you, seek relief if possible.
