## INCIDENT FACTS

<b>Incident Start Date:</b> 09/09/2024		<b>Incident Start Time:</b> 1:03 pm	
<b>Incident Type:</b> Vegetation Fire			
<b>Incident Location:</b> Trabuco Canyon, CA			
<b>Acreage:</b> 23,519		<b>Containment:</b> 19%	
<b>Injuries:</b> 14 (12 Firefighters, 2 Civilian)		<b>Expected Full Containment:</b> Unknown	
<b>Structures Threatened:</b> 20,780	<b>Structures Destroyed:</b> 152	<b>Structures Damaged:</b> 31	

## SITUATION

<b>Current Situation:</b>	<p>The Airport fire remained within its existing footprint overnight. Firefighters have been able to access previously inaccessible areas around Trabuco Canyon Road and construct direct lines. In the canyon above Lake Elsinore, both direct and indirect lines have been built, and direct lines have also been constructed west towards El Cariso. Structure protection measures have been implemented at the Lazy W Ranch by adding sprinkler protection. Containment lines are being reinforced in various areas, including Bell Canyon, along Trabuco Canyon Road, and in the canyon above Lake Elsinore.</p> <p>Damage Inspection Teams are currently inspecting structures along the Ortega corridor. This process is expected to take several days to complete. Yesterday, Riverside County announced changes to evacuation zones, moving some areas from orders to warnings.</p> <p>While the weather has been favorable with cooler temperatures, drizzle, and light showers, Modjeska Peak remains dry, and there is a risk of surface fires above 4,000 feet. The smoldering vegetation at higher elevations still poses a threat due to its potential to roll downhill and ignite unburned vegetation.</p> <p>The weather forecast for the next few days is favorable for firefighting efforts. Tonight, thick fog and high humidity are expected, which can help slow the spread of the fire. On Sunday and Monday, cooler temperatures and light rain are predicted, providing additional relief. The overall conditions should be conducive to containment efforts. The combination of high humidity, cool temperatures, and light rain is expected to significantly aid in controlling the fire.</p>
<b>Evacuation Center Locations &amp; Services:</b>	<p><b>Orange County:</b>  <b>Civilian:</b>  <i>Foothill Ranch Library</i>  <i>27002 Cabriole Way</i>  <i>Foothill Ranch, CA 92618</i></p>
