- Green Diamond Ownership

Town of Silver Lake
11 miles from fire edge

Along the north edge, where the fire line is contained, crews are removing equipment that is no longer needed.

An Unstaffed Aerial System (UAS/drone) with infrared technology will scan near containment lines to identify lingering hot spots.

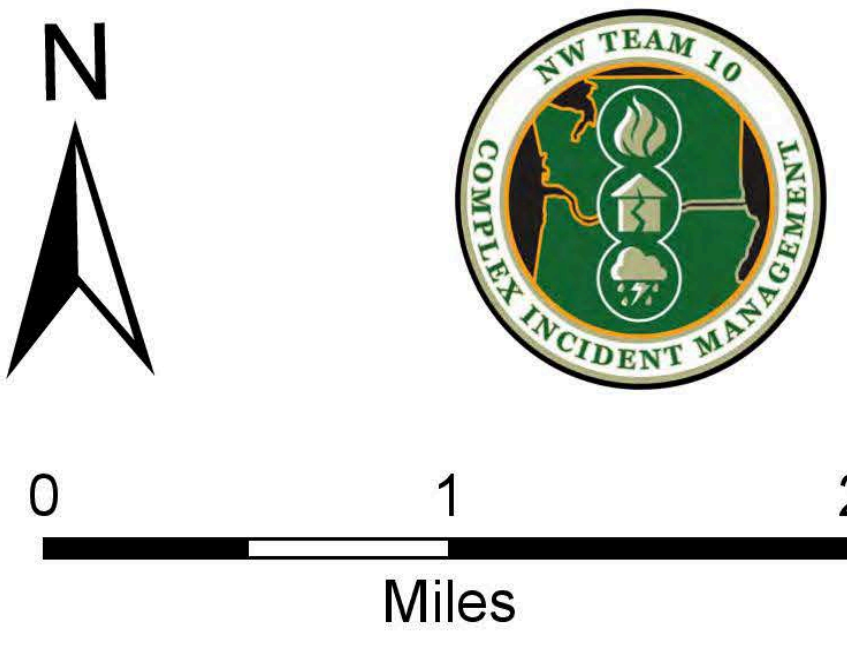

Around the fire perimeter, crews will mop up and patrol to make sure control lines stay secure.

Equipment operators will grade roads on the east edge of the fire including Forest Roads 3500 and 3038.

Progress Toward Containment

- Completed Dozer Line: 222,374 ft
- Completed Hand Line: 26,228 ft
- Completed Mixed Construction Line: 9,001 ft
- Completed Road as Line: 63,110 ft
