

West Fire Smoke Forecast

Issued: 9/17/2024 at 8:15 AM

Forecaster(s): B.Droppleman (ADEQ), R. Sherron (USFS)

Smoke Synopsis

Yesterday, winds dispersed smoke to the north-northeast. This morning, southwesterly winds above the Rim are helping to reduce smoke impacts to Payson and Pine.

Today, southwesterly winds will disperse smoke to the northeast. Stronger winds above the Rim may keep smoke closer to the ground. By evening, southwesterly winds will gradually weaken, becoming light overnight. Terrain-driven winds will develop around midnight, residual smoke will settle into local drainages. For tomorrow, southwesterly winds are forecast above the Rim.

During the day today, smoke will disperse over Winslow, with light to moderate impacts possible later into the evening. Overnight, light to moderate smoke impacts are expected to East Verde Estates, Hwy 260, Pine, and Tonto Village, dispersing or lifting out by 10am. Light overnight smoke impacts are possible to Payson.
