

# Rail Ridge Fire October 20, 2024

Fire acres: 176,601 | Total Personnel: 439 | Percent Containment: 90%

Residents and visitors are reminded that entering a closed area is illegal, and that these closures are in place for public and firefighter safety.

Resources from the fire will remain ready to respond to any increased fire activity within the fire perimeter or any new start in the area.

Warmer, drier weather with southwest winds will increase the potential for elevated fire activity during Sunday's operational period.

The primary missions for firefighters included repairing containment lines, backhaul of equipment no longer needed on the fireline, hazard tree removal along Forest Road 2150 and road repair.
