For Immediate Release

Press Release: One change to Evacuation Map for the Elk Fire

For Immediate Release: October 11, 2024 11:00 a.m.

Contact: Sheridan County Sheriff's Office

The Sheridan County Sheriff's Office and Incident Command are working closely together to reevaluate the evacuation status levels for the areas in proximity to the Elk Fire. Here is today's update.

This following area is now being downgraded to a "Ready" status:

The area at Pass Creek Road from Hwy 345 west to Slack Road and north to the Montana state line. This includes the residences along Slack Road. South along East Pass Creek Road from its intersection with Pass Creek Rd to the Forest Service boundary continuing east to include the length of Twin Creek Road to move from a Set to a Ready.

Officials will continue to monitor fire behavior and assess the need to change any evacuation levels.

There have been no changes to the current road closures.

We encourage everyone to monitor the **Sheridan County Facebook page** and the **Sheridan County website** for the most up-to-date information.

Thank you for your cooperation as we work to ensure the safety of all residents.
