

# Smoke Outlook

## San Bernardino Mountains -Line Fire

# 10/11 - 10/12

Issued by Wildland Fire Air Quality Response Program on October 11, 2024 at 06:15 AM PDT

### Fire

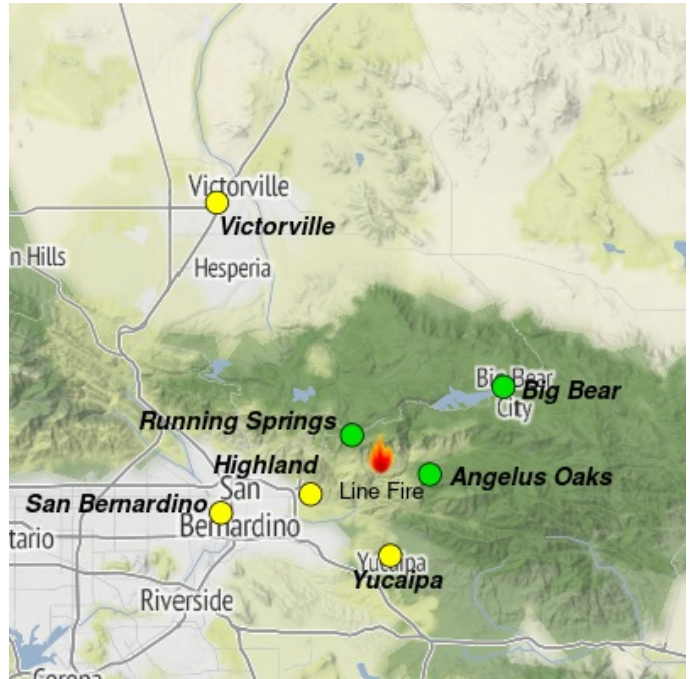

The Line Fire remains at 43,978 acres and 93% contained. Firefighters are working hard to keep the fire in its current footprint by improving fire lines and monitoring and patrolling the fire edge. Any fire activity and visible smoke will be from the North and East sides of the fire.

### Smoke

Big Bear and Running Springs will experience GOOD PM2.5 Air Quality (AQ). There is a small potential for short periods of MODERATE in Big Bear. Angelus Oaks will have GOOD AQ in the morning/early afternoon with potential brief periods of MODERATE late afternoon/evening. Highland, San Bernardino, Yucaipa, and Victorville will be in GOOD to MODERATE AQ from background pollution. There are no current smoke impacts from the Line Fire in these areas. Windblown ash may be visible during strong gusts.
