

# AREA CLOSURE

**DATES:** October 15<sup>th</sup>

**Prescribed Fire:** United States Forest Service fire crews plan to conduct a prescribed burn the week of September 30<sup>th</sup> – October 4<sup>th</sup> in Hyalite Canyon, approximately one mile west of Langohr Campground in the Hyalite Canyon Area.

In Hyalite Canyon, fire managers expect to conduct prescribed burning on 116 acres within the Bozeman Municipal Watershed, BMW Unit 19, off the Langohr Road. Expect closures on the Langohr Road (#6230) and on nearby trails in red indicated on the map below. Langohr Campground will also be closed beginning Monday, September 30<sup>th</sup>, through the duration of burning activities. This prescribed burn aims to reduce fuel loads and lower the risk of high severity wildland fires in the Bozeman Municipal Watershed.
