Effective January 22, The Eaton Fire incident update will be released each day at 1900. Morning updates will not be released.

**Current Situation:** Firefighters continue to mop up and extinguish hot spots within the perimeter of the fire. The repopulation of residents is ongoing, with zones being released in phases to ensure safety of public and utility agencies. Numerous calls for service continue to be received from communities that are repopulating. The Infrastructure Group is being utilized to assist Public Works with the clearing of roadways and opening of storm drains. Southern California Gas reported that service has been restored to 4,027 structures. Southern California Edison reported that service has been restored to 12,256 structures, with 7,127 remaining.

**Weather:** Extremely dry conditions will continue through Thursday, with gusty wind isolated to high elevations. Lower elevations, will remain much calmer, with gusts remaining below 15 mph. Rain is possible this weekend.

**Damage Assessment:** Damage inspection teams have completed inspections for 99% of all structures within the fire perimeter.

**Evacuations:** For the most up-to-date evacuation and repopulation information visit Genasys Protect at: <https://protect.genasys.com/search>

Evacuations remain in place due to numerous downed trees, downed power lines, gas leaks and power outages. If you have questions or need specific clarification regarding evacuations in your area, please reach out to your city's official government website to receive further information.
