This is the last incident update for the Eaton Fire, unless significant activity should occur.

Current Situation: Mop up operations continued throughout the perimeter of the fire. Repopulation efforts have been completed. There are a total of 571 evacuees in six (6) shelters. Southern California Gas reported that service has been restored to 5,126 structures. Southern California Edison reported that service has been restored to 12,422 structures, with 6,961 remaining. The Foothill Municipal Water District reported that they will be able to fully pressurize the water system by this weekend. Following the pressurization, testing will take up to 2 weeks before the 'Do Not Drink' order can be lifted. Fire Suppression Repair is nearing completion. The South Coast Air Quality Management District issued a 'Windblown Dust and Ash Advisory' and continues to advise individuals to wear a N95 mask in the fire area due to inhalation hazards.

Weather: A Red Flag Warning will persist through early Friday, with briefly gusty northeast winds on Friday night creating critical conditions at high elevations. A cold front is expected to bring at least light rain this weekend.

Damage Assessment: Damage inspection teams have completed inspections for 100% of all structures within the fire perimeter.

Evacuations: All evacuation orders and warnings have been lifted.

Recovery Information: <https://recovery.lacounty.gov/eaton-fire/>

The Disaster Resource Center is open to the public from 9:00 a.m. to 8:00 p.m., daily.
