Interagency Wildland Fire Air Quality Response Program

FIRE

The **Table Rock Complex** fire is currently estimated at 15,642 acres and is 70% contained. Fire activity for the **Table Rock Complex** fire is expected to decrease. The **Black Cove Complex** fire is currently estimated at 7,680 acres and is 80% contained. Fire activity for the **Black Cove Complex** fire is expected to decrease. The **Big Ridge** fire is currently estimated at 3,345 acres and is 39% contained. Fire activity for the **Big Ridge** fire is expected to decrease.

SMOKE

Much of the area will likely have GOOD to MODERATE air quality. However, lingering smoke remaining trapped in the valleys overnight, especially near Sky Valley and Pickens. Catawba Nation will likely have GOOD air quality.

SPECIAL STATEMENT

Stay informed of evacuation orders, air quality alerts, fire danger information, and other public safety advisories in your area.

HEALTH STATEMENT

Smoke can be harmful to your health. Check with your doctor if there are any health concerns and monitor your local air quality conditions using the Fire and Smoke Map.

Catawba Nation GOOD air quality and little smoke transport from the area's fires is expected.

Spartanburg GOOD to MODERATE air is expected, as decreased smoke production and winds should keep smoke out of the area.

Greenville GOOD to MODERATE air is expected, as decreased smoke production and winds should keep smoke out of the area.

Taylors MODERATE to GOOD air quality is expected, though winds may bring smoke from fires that did not receive much rain.

Pickens GOOD to MODERATE air expected, with potential spikes due to the area's proximity to the Table Rock fire.

Sky Valley GOOD to MODERATE air due to a potential settling of smoke in the valley overnight.

AIR QUALITY INDEX

- Hazardous (H)
- Very Unhealthy (VU)
- Unhealthy (U)
