

Table Rock Complex Update

April 3, 2025

This will be the final update for the Table Rock Complex

Table Rock Fire

Size: 13,845 acres
13,210 acres (SC)
635 acres (NC)

Containment: 91 percent

Fire Start Date: March 21, 2025

Cause: Human-caused

Fire Information: 803-906-9730 (8 a.m.-8 p.m.)

Email: 2025.tablerockcomplex@firenet.gov

On Wednesday, firefighters secured the perimeter of the Table Rock Fire. Fire resources will continue to patrol and mop-up any remaining hotspots as containment nears 100%. Today's focus will shift to suppression repair, which involves stabilizing exposed soil with seed and straw to prevent erosion and remove dirt and debris from stream crossings. Firefighters will install water bars on containment lines, which are small diagonal ridges built across the fireline to divert surface water runoff back into the woods. Crews will complete backhauling equipment today.

Persimmon Ridge Fire

Size: 2,078 acres

Containment: 99 percent

Fire Start Date: March 22, 2025

Cause: Human-caused

Firefighters on the Persimmon Ridge Fire will focus on suppression repair and backhauling of equipment today. Fire engines will continue to patrol the containment lines and extinguish any remaining hotspots near the fire perimeter.

Safety Message: Slow down and move over when encountering firefighters on the road. Firefighters, engines, and equipment may move slowly or stop on local roads. Drivers are urged to slow down and give fire crews space to work.

Weather and Fire Behavior: The moist weather pattern moving through the area has deposited between 0.5 and 1 inch of rain on the fires over the last twenty-four hours. Today, high temperatures should reach 80 degrees, with relative humidity not dropping below 60%. Winds will be between 5 and 10 mph, with gusts up to 20 mph in the afternoon.

Closures/Evacuations: All evacuation orders related to the Table Rock and Persimmon fires have been lifted.

Burn Ban: There are no burn bans in place for the states of South Carolina and North Carolina.

SC Firefighter Mobilization (SC State Fire) Resources: All SC Firefighter Mobilization resources have demobilized. SC State Fire will have a SC-HART crew on standby through Friday at Noon, as a means to provide rapid extraction of an injured wildland crew member, if needed. The Palmetto IST will remain at the incident through Friday at Noon in support of SC-HART.

Command: The Southern Area Blue Complex Incident Management Team (CIMT) is managing the Table Rock Complex, in unified command with South Carolina Forestry Commission, North Carolina Forest Service, Greenville County Emergency Management and Pickens County Emergency Management. The incident is supported by the South Carolina Emergency Management Division, South Carolina State Fire, South Carolina Military Department, The Nature Conservancy, Greenville Water, South Carolina Department of Natural Resources, South Carolina Law Enforcement Division, USDA Forest Service and multiple local fire departments.
