

# Southwest Area Incident Management Team

TEAM 3 – MATT RAU – INCIDENT COMMANDER

**Minimal hot spots, firefighters continue suppression repair**

## Greer Fire Daily Update: May 22, 2025

**Acres:** 20,308

**Location:** Greer, AZ

**Personnel:** Approximately 375

**Containment:** 88 percent

**Start Date:** May 13, 2025

**Cause:** Under Investigation

**Fuels:** Grass, Shrubs, Timber

**Operations:** Fire activity remains low as crews continue rehabilitating dozer and hand lines no longer needed for containment. Suppression repair crews are working rapidly to stabilize soils, restore drainage, and prevent long-term environmental damage. Fire managers emphasize that these efforts are crucial for protecting watersheds, reducing erosion, and supporting ecosystem recovery. As containment grows and work is completed, firefighters are rehabbing their equipment. Some are departing for home or to other fires.

**Weather:** Expect hotter and drier temperatures today over the fire area with wind gusts up to 25 mph.

**Smoke:** Smoke has significantly decreased over the fire area and surrounding towns.

**Closures:** The Apache-Sitgreaves National Forest has issued a closure order for parts of the National Forest lands. Stage 2 Fire Restrictions are also in effect prohibiting fire, campfire, or stove fire, including charcoal briquettes and smoking.

Highway 260 is open in both directions. For updated travel information: [az511.com](https://az511.com)

**Evacuations:** All **GO** evacuation status' have been decreased to **SET**. To check current evacuation statuses, an interactive evacuation map is available from the QR code below. <https://linktr.ee/GreerFire>

**Safety:** We encourage the public to remember that a temporary flight restriction has been issued over the fire area. It is illegal to fly drones within the area.

**Phone Number:** 928-291-7851 (7 am-7 pm)
