Issued: 06:15 MDT 7/04/26

Interagency Wildland Fire Air Quality Response Program

24 hour avg AQI for 7/04

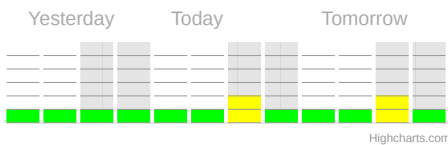

FIRE

The **Cottonwood** fire is currently estimated at 94,768 acres and is 27% contained. Fire activity for the **Cottonwood** fire is expected to remain active.

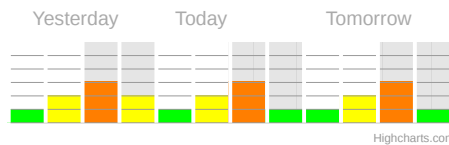

SMOKE

Today (Saturday): Smoke will again impact Beaver (UNHEALTHY), as well as Circleville and Junction (MODERATE) during the morning, clearing by the afternoon. For the afternoon, west winds will shift smoke primarily over Marysvale, creating a few hours of UNHEALTHY air quality through this evening. Areas north of the fire, including Salina, Richfield and Elsinore will remain GOOD.

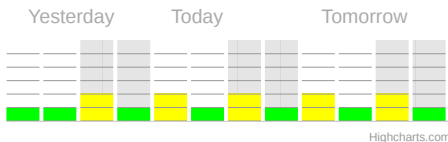

Richfield GOOD to MODERATE air quality is expected.

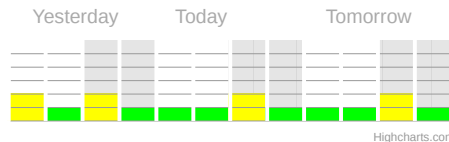

Marysvale UNHEALTHY FOR SENSITIVE GROUPS conditions during the afternoon/evening, otherwise GOOD to MODERATE.

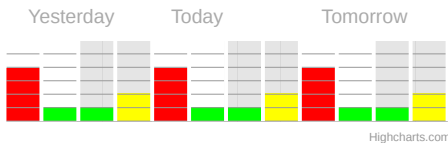

Junction MODERATE air quality during morning and overnight, otherwise GOOD during the day.

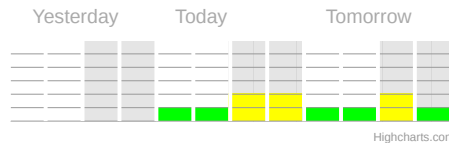

Koosharem GOOD to MODERATE conditions today.

Beaver Air quality improving to GOOD by the afternoon. Smoke returns with UNHEALTHY conditions tomorrow morning.

Salina GOOD to MODERATE air quality is expected.

Tomorrow (Sunday). Beaver will start the morning with UNHEALTHY air quality, improving to GOOD by late morning and staying clear through the evening. Areas of smoke and MODERATE air quality east of the fire will clear by mid-morning. Afternoon fire activity will push smoke back into Marysvale with up to UNHEALTHY FOR SENSITIVE GROUPS, and into Richfield and Koosharem reaching MODERATE for the evening.
