10/11 - 10/12

ARA: S. Michelsen-Correa (ARA) and M. Switzer (ARAT)

stephani.michelsen-correa@usda.gov

Issued: 07:28 PDT 10/11/26

Interagency Wildland Fire Air Quality Response Program

FIRE

The **Dome** fire is currently estimated at 6,829 acres and is 69% contained. Fire activity for the **Dome** fire is expected to decrease.

SMOKE

No fire growth and decreasing activity is improving smoke impacts across the outlook area. Yosemite Valley experienced GOOD to MODERATE smoke impacts again yesterday. Expect MODERATE smoke impacts in Yosemite Valley again this morning that clear by noon. Expect overall GOOD smoke impacts continuing across the remainder of this outlook area. MODERATE to UNHEALTHY for SENSITIVE GROUPS ozone levels continue to blow into the Yosemite region from the San Joaquin Valley in the afternoons. Higher winds and rain in the forecast is expected to further improve air quality over the outlook area early this week.

SPECIAL STATEMENT

Ozone continues to impact air quality at Yosemite NP

Hodgdon Meadow GOOD smoke impacts continuing.
